

Rebate Handbook

2022

2022 Rebate Handbook

Welcome to the VPPSA Rebate Handbook! This handbook is meant to serve as a guide when answering questions about utility rebates and instant discounts. The incentives described are the utility portion only. Additional incentive may be available.

Click the rebate/instant discount you want to learn more about. If you still have unanswered questions, refer the customer to Julia Leopold: (802) 884-4488 or rebates@vppsa.com.

2022 Rebate Handbook

FAQs

1. What types of heat pump technology are eligible for the instant discount?

- Ductless mini-splits
- Centrally ducted heat pumps
- Air-to-water heat pumps
- Ground source heat pumps

1. How do I receive the heat pump instant discount?

Work with a participating contractor. You can either get an instant discount or a post-purchase rebate by filling out the Efficiency Vermont rebate form

2. How do I receive the \$200 Heat Pump + Weatherization Rebate?

1. Visit www.vppsa.com/resources/rebate-forms
2. Click "2022 Cold Climate Heat Pump Instant Discount"
3. Click the blue button "Heat Pump + Weatherization Rebate"
4. Complete the form and submit with supporting documentation

3. How much is the heat pump instant discount?

The discount varies depending on the type and size of technology.

- Ductless mini-split: \$250
- Centrally ducted heat pump: \$750 - \$1,500 (depends on size of the heat pump)
- Air-to-water heat pump: \$1,000/ton
- Ground source heat pump: \$2,100/ton
- Additional \$200 for any heat pump installed in a home that has completed an eligible weatherization project.
- Additional incentives from Efficiency Vermont

4. Which weatherization projects qualify for the \$200 Heat Pump + Weatherization Rebate?

- Completed a Home Performance with EnergySTAR
- Received weatherization through the Weatherization Assistance Program since 2005 or are currently enrolled
- Received a 2011 or newer Residential Building Energy Standards (2011 RBES) certificate
- Had a blower door test performed with a maximum measured Air Changes per Hour (ACH) of less than 5 at 50 Pascals

5. I did some DIY weatherization (attic insulation, windows replaced, etc.). Does that qualify for the \$200 Heat Pump + Weatherization Rebate?

Only if you did a blower door test afterwards and the results show less than 5 ACH at 50 Pascals.

Heat Pump Water Heaters

All heat pump water heaters installed by a participating contractor are eligible for an instant discount. If you installed the heat pump yourself, you can receive a post-purchase rebate.

Heat Pump Water Heater

Incentive Amount	\$600
Incentive Type	Instant Discount OR Post-Purchase Rebate
How to Claim	Work with a participating contractor OR fill out Efficiency Vermont Rebate Form
Rebate Adder?	Efficiency Vermont Income-Qualifying Incentive

FAQs

1. How do I receive the heat pump water heater incentive?

There are two ways to receive the incentive:

1. **Instant Discount:** Work with a participating contractor and receive an instant discount at the time of purchase. You can find a list of participating contractors at www.EfficiencyVermont.com
2. **Post-Purchase Rebate:** Purchase an eligible heat pump and install it yourself or with a non-participating contractor. Fill out and submit the rebate form. Rebate form can be found here: <https://rebates.efficiencyvermont.com/evt/home>

2. How much is the heat pump water heater instant discount?

\$600. You may qualify for additional incentives from Efficiency Vermont.

3. Is there a separate VPPSA rebate form I need to fill out?

No. There is no separate VPPSA rebate form for the heat pump water heater discount.
