

Rebate Handbook

2023

2023 Rebate Handbook

Welcome to the VPPSA Rebate Handbook! This handbook is meant to serve as a guide when answering questions about utility rebates and instant discounts. The incentives described are the utility portion only. Additional incentives may be available.

Click the rebate/instant discount you want to learn more about. If you still have unanswered questions, refer the customer to Sarah Braese: (802) 882-8059 or rebates@vppsa.com.

FAQs

1. What types of heat pump technology are eligible for an incentive?

- Ductless heat pumps
- Centrally ducted heat pumps
- Air-to-water heat pumps
- Ground source heat pumps

2. How much is the heat pump incentive?

The discount varies depending on the type and size of technology.

- **Ductless heat pumps:** \$250
- **Centrally ducted heat pumps:** \$750 - \$1,500 (depends on size of the heat pump)
- **Air-to-water heat pumps:** \$1,000/ton
- **Ground source heat pumps:** \$2,100/ton
- **Weatherization adder:** Additional \$200 incentive for installing in a weatherized residential building. Stacks on top of all other incentives.
- **Controls adder:** Additional \$400 incentives from Efficiency Vermont for installing integrated controls. Stacks on top of all other incentives.
- **Statewide income adder:** Additional \$200 from Efficiency Vermont for all income-qualifying customers. Stacks on top of all other incentives.
- **Tailored efforts income adder:** Additional \$800 for income-qualifying customers of Enosburg, Johnson, & Orleans. Stacks on top of all other incentives.

3. How do I apply for the heat pump incentive and adders?

- **Ductless heat pumps:** No application. Work with a participating contractor. They will discount at least \$250 off the cost of the equipment at the time of purchase.

2023 Rebate Handbook

- **Ducted heat pumps:** No application. Work with a participating contractor. They will discount at least \$250 off the cost of the equipment at the time of purchase.

- **Ground source heat pumps:** Submit rebate application on Efficiency Vermont's website after the installation is completed.
- **Weatherization adder:** Submit rebate application on VPPSA's website after the heat pump has been installed and weatherization work is completed. See question 5 for more details.
- **Controls adder:** Submit rebate application on Efficiency Vermont's website after the installation is completed.
- **Statewide income adder:** Submit rebate application on Efficiency Vermont's website after the installation is completed.
- **Tailored efforts income adder:** Submit rebate application on Efficiency Vermont's website after the installation is completed.

4. Which weatherization projects qualify for the \$200 Heat Pump + Weatherization Rebate?

- Completed a Home Performance with EnergySTAR
- Received weatherization through the Weatherization Assistance Program since 2005 or are currently enrolled
- Received a 2011 or newer Residential Building Energy Standards (2011 RBES) certificate
- Had a blower door test performed with a maximum measured Air Changes per Hour (ACH) of less than 5 at 50 Pascals

5. How do I apply for the \$200 Heat Pump + Weatherization Rebate?

1. Visit www.vppsa.com/rebates
2. Click "2023 Cold Climate Heat Pump Technology Instant Discount"
3. Click the "Apply Online" button. Alternatively, scroll down and click "Download the rebate application form."
4. Complete the rebate application according to the instructions and submit with supporting documentation.

6. I did some DIY weatherization (attic insulation, windows replaced, etc.). Does that qualify for the \$200 Heat Pump + Weatherization Rebate?

Only if you did a blower door test afterwards and the results show less than 5 ACH at 50 Pascals.

Heat Pump Water Heaters

All heat pump water heaters installed by a participating contractor are eligible for an instant discount. If you installed the heat pump yourself, you can receive a post-purchase rebate.

Heat Pump Water Heater

Incentive Amount	\$600
Incentive Type	Instant Discount OR Post-Purchase Rebate
How to Claim	Work with a participating contractor OR fill out Efficiency Vermont Rebate Form
Rebate Adder?	\$200 statewide EVT adder for all low-to-moderate income (LMI) customers

FAQs

1. How do I apply for the heat pump water heater incentive?

There are two ways to receive the incentive:

1. **Instant Discount:** No application. Work with a participating contractor and receive a \$600 discount at the time of purchase. You can find a list of participating contractors at www.EfficiencyVermont.com
2. **Post-Purchase Rebate:** Purchase an eligible heat pump and install it yourself or with a non-participating contractor. Fill out and submit the rebate form. Rebate form can be found here: <https://rebates.efficiencyvermont.com/evt/home>

2. How much is the heat pump water heater instant discount?

\$600. Low-to-moderate income households can apply for an additional \$200 on Efficiency Vermont's website.

3. Is there a separate VPPSA rebate form I need to fill out?

No. There is no separate VPPSA rebate form for the heat pump water heater discount.
