5. LOT (Local Options Tax) informational meeting

Village Manager John Dasaro gave a presentation discussing the Local Option Tax and that the Village's discussion derived from lots of requests for projects to be done around the Village and looking for alternate ways to fund these projects other than through property tax rates. John explained that the Village looked into TIF's (Tax Increment Financing), but the Village is too small to make it effective and the cost to get established is significant.

Several discussions centered around in person voting only, the effect that the LOT would have on businesses and their reporting requirements, adding another tax onto residents and the language on the ballot. There were also questions about why sales and use tax and not on alcohol or meals and rooms.

The meeting concluded with the Village needing to further look into a few things, with questions sent to VLCT for clarification.

6. Other Business

There was none.
